

Results of the Border Reivers Half Marathon that took place on October 24th 2012

The Border Reivers Half Marathon is an annual race that takes place at RAF Spadeadam in Northumberland. After the first 2 miles on tarmac, the race moves on to forest tracks for approximately 10 miles before returning to the road for the last mile. The course is undulating and not without challenge. However, there are superb views over the fells in the later stages of the race, although often runners are not in a condition to appreciate the scenery! There are more details at www.raf.mod.uk/rafspadeadam/stationfacilities/halfmarathon.cfm

All the columns in these results apart from *OtherCat* are taken from the official results.
